DISPLAY STYLE

Chose how your website is displayed.

Single Page

Multiple Pages

Vertical Scroll

You'll be asked to provide basic information such as your business name and website name.

The platform also allows you to choose your website layout style, including:

- Single page
- Long page
- Multiple pages

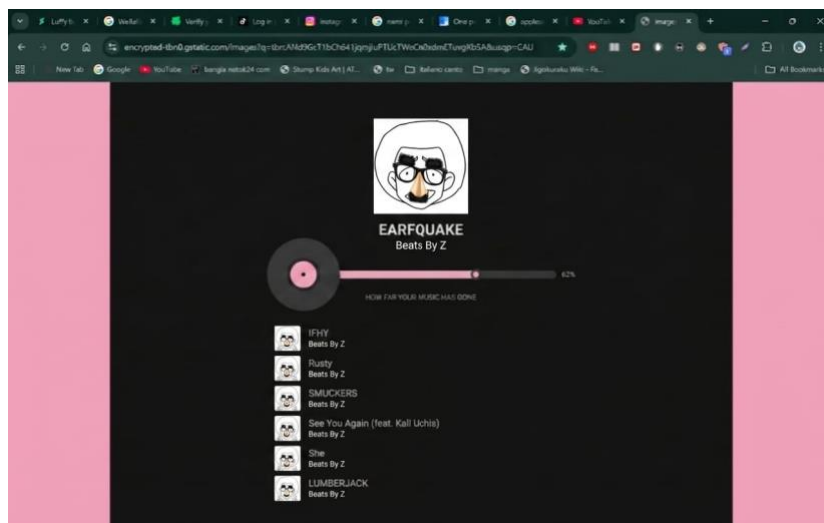

You'll also select the type of business you operate, such as:

- Artwork / Literature
- Food
- Delivery
- Music
- News
- Accommodation
- Clothing

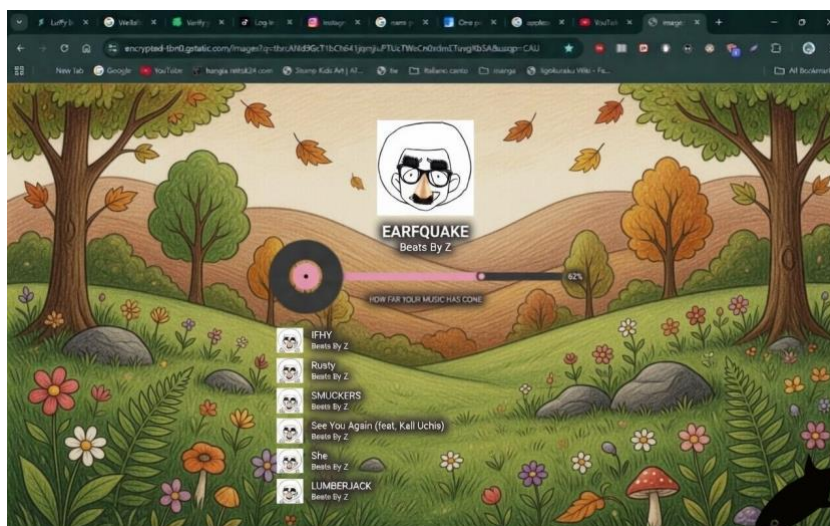

The category you choose helps with the setup process by automatically providing tools and layouts made for your business needs.

For example:

- Selecting Artwork / Literature gives you options to add multiple image and text to your website and arranges them in groups, making it easy to showcase artwork, books, or creative projects. You can upload book covers, artwork images, and place descriptive text between sections.
- Selecting Music automatically provides features such as an MP3 player and playlist support for sharing music directly on your website.

The overall design is simple and easy to use, while still allowing complete creative freedom. You can customize your website to be as unique as you want, adjusting both the layout and aesthetics to match your brand and style.

Best of all, everything can be modified easily using a drag-and-drop system, making website creation fast, flexible, and beginner-friendly.

Any website created on BusinessStudios.com will be displayed on the homepage of our website.

How does this make money?

This platform provides multiple ways to generate income:

1. Users who subscribe to the premium plan gain access to more advanced website customization options.
2. While creating a website is completely free, users can pay to have their website promoted across the BusinessStudios social media platforms, including Instagram, TikTok, Twitter/X, YouTube, and the official website.
3. BusinessStudios receives 5% of any profits generated by websites created using BusinessStudios.com.
